

Revolutionizing Maintenance, Repair, and Overhaul: ONE FASTENER AT A TIME

10 SECOND FASTENER SEPERATION TECHNOLOGY PROVES TO BE PROCESS OF THE FUTURE. OEM and MRO executives came in droves to see Perfect Point’s E-Drill and S-Blaster at the MRO Americas show in Orlando, FL last week.

Attendees were blown away at E-Drill’s amazing 10 second Fastener Separation Technology (FST) at the largest MRO show in America. The Perfect Point team demonstrated the technology in front of the industries leaders and left them impressed with the instant savings E-Drill can offer its users.

“This product is absolutely amazing, what a time saver!” – Director of Maintenance.

“I spend over \$2000 a month in drill bits alone, not to mention another \$1000 in sharpening those drill bits. Not anymore.” – Senior Buyer Procurement

“Too bad we didn’t have this in school, I would love to be able to use this product wherever I end up.” – A&P Student

Thank you to all who came out to witness the *FUTURE* of fastener removal in the aerospace market. Please come and see us at our upcoming events this year:

Tinker & The Primes – Midwest City, OK

14-16 August, 2018

Logistics Officer Association Symposium – OKC, OK

9-12 October, 2018

C-130 TCG – Orlando, FL

22-23 October, 2018

What We Do:

- Reduce AOG Turnaround-Time
- Reduce Labor Time and Cost
- Reduce Damage
- Reduce Material Cost
- Reduce Work-Force Training Time
- Eliminate FOD
- Eliminate Personal Injury
- Eliminate Exposure to Hazardous Waste
- Eliminate Noise Pollution
