

## Reducing the Cost of Ownership through Technology

PERFECT POINT E-DRILL WAS THE TALK OF THE SHOW at the 2018 Tinker and the Primes trade show in Oklahoma City, Oklahoma.

President and CEO of Perfect Point Larry Harrell (pictured) gave an exciting presentation on the revolutionary advantages of E-Drill for a changing market. Using advanced technology, we are changing the cost of operation and ownership. Attendees from the B-1 and KC-135 communities showed significant interest when they saw the benefit of using E-drill for fastener removal in back shops and on the flight-line. Oklahoma City - Air Logistics Complex (OC-ALC) is the one of the largest Air Force commands and its mission is to “Produce Combat-Ready Airpower” an outstanding place for the E-Drill to assist the Warfighters in their maintenance efforts.

### What We Do:

- Reduce AOG Turnaround-Time
- Reduce Labor Time and Cost
- Reduce Damage
- Reduce Material Cost
- Reduce Work-Force Training Time
- Eliminate FOD
- Eliminate Personal Injury
- Eliminate Exposure to Hazardous Waste
- Eliminate Noise Pollution

***“We need you in Oklahoma- This product is the future of Aerospace.” – US Congressman***

***“Wow – that is the sort of technology that we need here in Oklahoma. I can think of about 30 areas in my hangar that could use E-drill.” – Program Manager***

***“That presentation was so good, I had to come up and see what this thing was all about. I am impressed!” – Maintenance Director***

Thank you to all who came out to witness the *FUTURE* of fastener removal in the aerospace market! Please come and see us at our next three shows this year:

<p><b>Logistics Officers Association Symposium (LOA)</b></p> <p>October 9-12, 2018 Oklahoma City, OK</p>
--

<p><b>F-15 Technical Coordination Program (TCP)</b></p> <p>November 14-18, 2018 Miramar Beach, FL</p>
---

<p><b>Aircraft Structural Integrity Program Conference (ASIP)</b></p> <p>November 26-29, 2018 Phoenix, AZ</p>
---
